

# GROUND ZERO

## GERMAN ENGINEERING

Danke, dass Sie sich für ein Ground Zero Radioactive SE Lautsprechersystem entschieden haben. Um einen einwandfreien Betrieb des Systems zu gewährleisten, bitten wir Sie, die Anleitung zu beachten.

Thank you for purchasing a Ground Zero Radioactive SE speaker system. If you have any question about the installation or operation of your Ground Zero speaker which is not answered by this manual, please contact your authorized Ground Zero dealer immediately.

### Einbau / Installation

Connect the "+" and "-" terminals on the subwoofer tube to the amplifier's outputs, observing proper polarity. Use at least 0.5mm<sup>2</sup> speaker wire for the connections to the subwoofer tube.
