GZHW 10-D2 FLAT

PRODUCT SERIES
HYDROGEN

PRODUCT TYPE
Flat Subwoofer

PRODUCT NC
51624031

PRODUCT OVERVIEW

25 cm / 10" high quality flat subwoofer

GZHW 10-D2 FLAT is engineered for controlled, powerful low-frequency reproduction in everyday vehicle applications. Its reduced mounting depth enables highly flexible installations in confined spaces without compromising mechanical rigidity or acoustic performance.

An efficiently designed magnetic motor system, a high-power voice coil, and a stiff, low-resonance cone assembly ensure precise bass response and high thermal stability under continuous load. The suspension system is optimized for linear excursion, delivering clean and controlled output even at elevated sound pressure levels. Developed in Germany, this subwoofer is an ideal solution for high-quality street-audio systems where sound accuracy, power handling, and installation efficiency are key priorities.

KEY FEATURES

- High-power subwoofer with shallow installation depth
- Klippel® optimized
- Efficient ferrite magnet
- Durable U-shape rubber surround
- Massive aluminum cast basket
- Paper sandwich cone
- 4-layer copper voice coil
- High-roll U-surround
- Chrome-plated push terminal

CONTENTS

- 1 Piece GZHW 10-D2 FLAT

FACTS

Model	GZHW 10-D2 FLAT
Nominal impedance	2 x 2 Ω
Efficiency (SPL)	85 dB
Voicecoil	63 mm / 2.5"
Cone	Paper
Power handling (RMS)	600 W
Power handling (max.)	1000 W
Outer diameter	274 mm / 10.79"
Mounting cutout	238 mm / 9.37"
Mounting depth	103 mm / 4.06"
Bolt hole diameter	256,5 mm / 10.10"
